

# What is the Storage Capacity of the Email Account Provided by the Center?

- In principle, the email account provided by the Center is provided for the **long term**.
- **The email (including webpage) storage capacity** is as follows:
  1. Student email storage capacity: For details, please see [the List of Functions and Settings for Student Email](#).
  2. Faculty and staff email storage capacity: For details, please see [the List of Functions and Settings for Faculty and Staff Email](#).
  3. Unit email storage capacity: For details, please see [the List of Functions and Settings for Unit Email](#).
- **Mail size limit is 50MB**
  1. After encoding in Base64, Quoted-printable, the size of the email will increase from 1.3 to 4 times.
  2. **Emails that are too large are usually denied by most mail servers.** We recommend exchanging larger data via the web.
