Set the notification email address (Email-2)

To increase the contact ways with our email users, a new function was developed for them to designate their other email addresses, which were used to receive the notification about their NTHU student (or staff) email accounts, for example, login disabled due to some security events.

Setup procedure

• The following example demonstrates how to designate his/her another email address be used for receiving his/her account notification.

1. Log on the service portal of Division of Network Systems

• There are two ways below to log on the service portal of Division of Network Systems.

a. Via Academic Information Systems(AIS)

- 1. Connect to https://www.ccxp.nthu.edu.tw/ccxp/INQUIRE/index.php?lang=english
- 2. Enter your AIS password.
 - **NOTICE** If you forgot your AIS password, please click **"Forgot your password?"** below "login" on the page of AIS system for help.

Failed to redirect to the service portal

- If the error message like "cannot get checksum or expired..." appears, it means that the URL is expired due to over the valid period of 2 minutes after its generation. Please click the "Division of Network Systems" on the left menu (or login AIS again) to generate another valid URL.
- If the error message like "**IP mismatch...**" appears, it means that your IP address connecting to the portal differs from that to the AIS. Please keep your IP address always the same while performing manipulation.

Succeed in redirecting to the service portal

• If like the below window shows, it means that you successfully connect to the service portal of Division of Network Systems (the URL is like **https://ua.net.nthu.edu.tw/portal/...**)

- 3. For verification, a confirmation mail was sent to that email address.
 - NOTICE Notice: The confirmation mail is only valid within one day.

https://net.nthu.edu.tw/netsys/

Printed on 2025/02/26 15:06

3. Click the URL on the confirmation mail

1. The content of the confirmation mail is like below

2. Click the link on the confirmation mail, and then the figure is shown if successful. **Note:** The link is only valid within on day.

4	(1) A https://ua .net.nthu.edu.tw/portal/	€ Q、捜尋	
Set	the notification email address sector data and the set tw	for	nthu.edu.tw

4. Check the result

1. Follow the previous steps to update the final result, as shown like the below figure.
