[Vulnerability Alert] Oracle E-Business Suite Has a Major Security Vulnerability (CVE-2025-61882)

- Subject: [Vulnerability Alert] Oracle E-Business Suite Has a Major Security Vulnerability (CVE-2025-61882)
- Content:
 - Forwarded from Taiwan Computer Network Emergency Response Team/Coordination Center TWCERTCC-200-202510-00000002
 - Oracle has released a major security vulnerability advisory (CVE-2025-61882, CVSS: 9.8). This vulnerability exists in Oracle Concurrent Processing of Oracle E-Business Suite, allowing an unauthenticated attacker to access it via an HTTP network, which may lead to remote code execution. Note: Attacks exploiting this vulnerability have been observed; it is recommended to take temporary mitigation measures as soon as possible to prevent potential attacks targeting this vulnerability.
- Affected Platforms:
 - Oracle E-Business Suite 12.2.3-12.2.14
- Recommended Action:
 - Apply the solution released on the official website for patching:
<https://www.oracle.com/security-alerts/alert-cve-2025-61882.html>
